PART I—Section 1

PUBLISHED BY AUTHORITY

No. 34] NEW DELHI, TUESDAY, APRIL 3, 1956

MINISTRY OF COMMERCE AND INDUSTRY

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 3rd April 1956

SUBJECT:—*Import policy for giant tyres [S. No. 41 (ii)/V]—January-June, 1956, licensing period.*

No. 16-I.T.C.(P.N.)/56.—Attention of importers is invited to the entries against S. No. 41(ii)/V in Section II of the Red Book for the current licensing period, and to the entries in Appendix XXX thereof, from which it will be seen that A-20, B-20 and C-20 tyres are included in the list of banned sizes below the heading—"giant tyres, tubes and flaps". These tyres could not, therefore, be imported against the basic quota licences for S. No. 41(i)/V.

2. The matter has been reconsidered and it has been decided that the entries A-20, B-20 and C-20 tyres in the list of banned sizes detailed in Appendix XXX to the Red Book be deleted. In net effect, it would now be permissible to import these tyres even against the basic quota licences for S. No. 41(ii)/V.

3. This decision will apply to all currently valid quota licences for S. No. 41(ii)/V.

4. It is not necessary to have the quota licences already issued endorsed or amended by the licensing authorities. Clearance of these tyres will be allowed by Customs on the authority of this Public Notice.

S. N. BILGRAMI, Jt. Secy.
